

ASR pipeline alignments Innovative use of plan photography saved on survey, time and costs. Plans 100% by Simon Kretschmer @ [SKETSCH](#) Design Drafting.

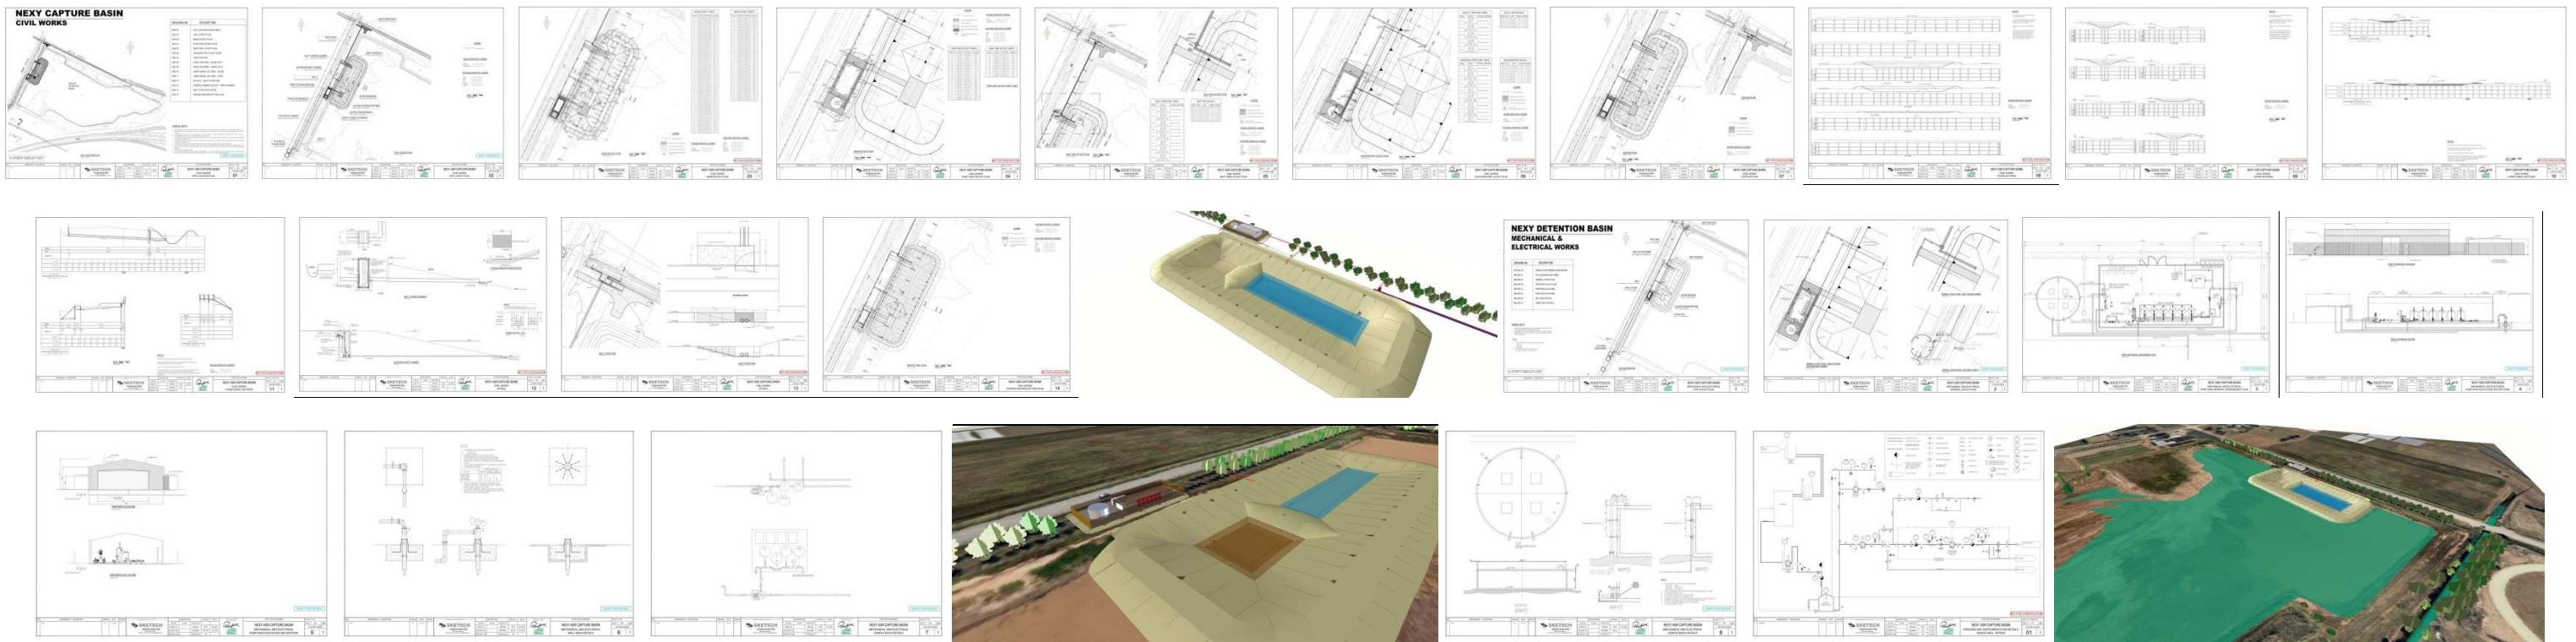

World-class design should not break your budget. Deal direct with the designer, design it better and take your budget further.

SKETSCH

ASR Bore head details, pump stations, injection wells, customer connections, details by [SKETSCH](#) Design Drafting.

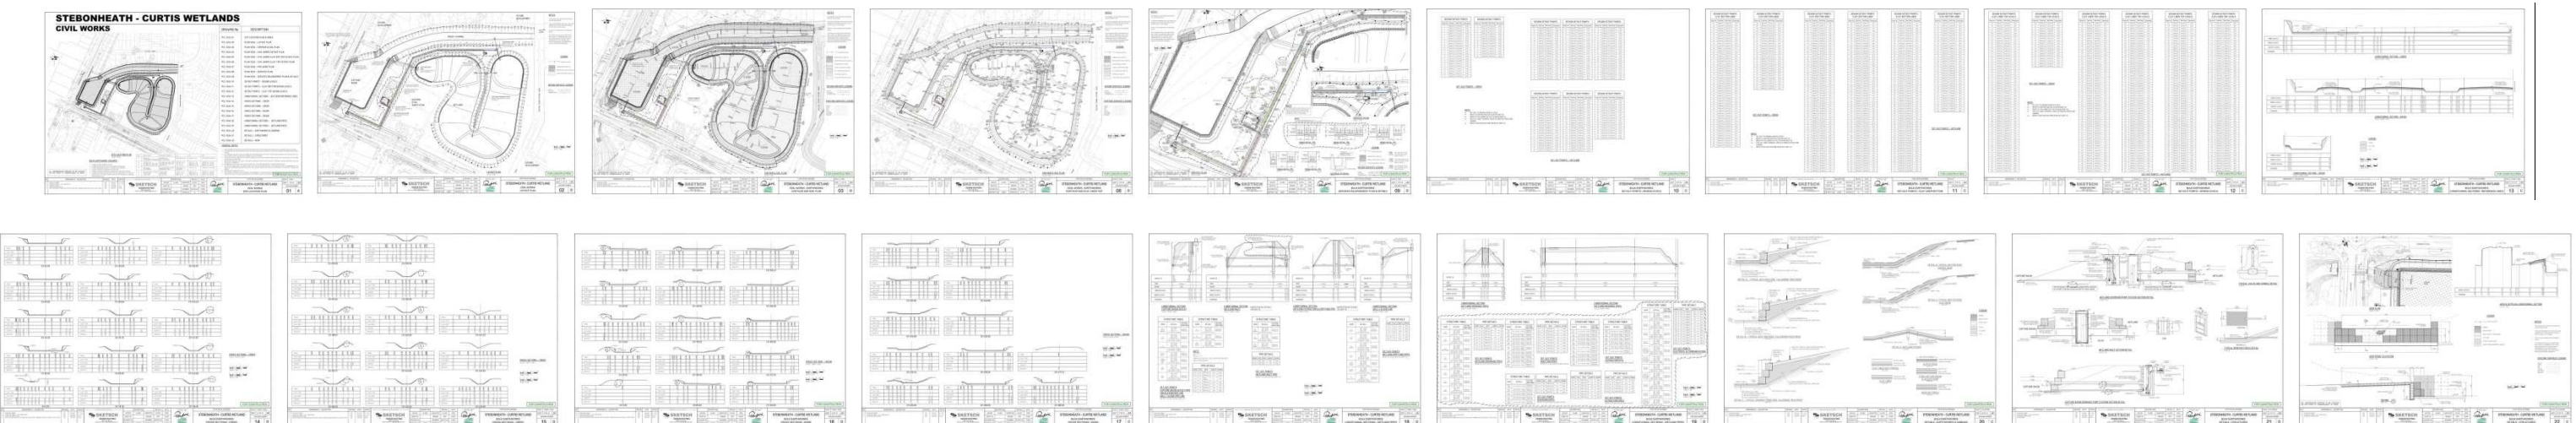

Detention ponds, diversion, M&E, P&ID, 3D image and animation 100% by Simon Kretschmer @ **SKETSCH** Design Drafting.

Playford's ASR drawing documentation and conceptual plans were done by SKETSCH, not expensive consultancies. You don't get the best ASR system in the World by chance or by blowing big budgets. When you need innovation and conceptualisation. When you need better design and better value, use the better design service. Use the best design drafting service:

SKETSCH

- Engage SKETSCH directly – get a quote, fully insured, full software licences. Ph 8268 8610, Simon Mb 0411433538
- Engage Simon Kretschmer AssocEng(Civil), AdvDipEng(Struct) as a contractor through pre-approved recruitment agency (LGA tender panel approved – just call in a pre-approved contractor on pre-approved rates – it is that easy)
- Portable heavy-duty CAD laptop for on-site work.
- Engage Simon Kretschmer for software training through Redstack, the primary Autodesk supplier in Adelaide.

All ASR Wetland documentation shown is 100% by Simon Kretschmer @ **SKETSCH** Design Drafting
